Historic Happenings

Cummings Properties acquired Dunham Ridge in 2011. At the time, it had just one building and one 10,000-square-foot occupant. 50 Dunham Ridge has a distinctive pedigree as the former headquarters of Parker Brothers and one-time home of video game publisher Atari.

The above photo was reportedly taken in 1929 at the annual Parker Brothers Summer Field Day, and originally graced the main lobby of the world headquarters of Parker Brothers. In 2013, major renovations were needed to accommodate new client firms, and our carpentry crew took great care to remove, transport, and reinstall it at 100 Cummings Center.
